Mr. Drew T. Johnson, superintendent of the famous Monarch and Ventura orange groves, located near Wildwood, in Sumter county, owned by Mr. C. G. King, of Cleveland, O., was in Ocala Saturday. He is enthusiastic over the return of the orange industry of that section to the proud position it occupied before the big freeze. The Monarch alone has eight hundred acres, is in a splendid state of cultivation, and the growth of the trees, Mr. Johnson says, is a delight to the eyes. Many of the trees bloomed this season and the grove will bear its first crop since 1895. Mr. Johnson did not forget to leave a souvenir in the shape of a "16 to 1" in the till of the Ocala Banner.

## Meeting of the Florida State Horticultural Society.

The Florida State Horticultural Society held their annual meeting at St. Augustine, May 21-24. The meeting was to have been held at Jacksonville, but the great disaster which swept over that city on May 3rd, not only closed, but destroyed the hospitable doors which last year were opened for our instruction and pleasure.

.....The meetings of the society were held in the beautifully decorated armory in the city building, and the following is the program in brief..... Tuesday evening May 21, opening prayer by L. S. Rader, D. D. Address of welcome, by Mayor E. E. Boyce with a response by Mr. McCarthy..... A promenade concert was to have been held in the plaza but the rain prevented..... Wednesday three business meetings were held and important papers read by the standing committee..... Wednesday morning the reports of the committees on citrus fruits, diseases and insects of citrus fruits, and a paper on lettuce culture under cover, were read and discussed..... Wednesday afternoon.....

The reports of the committees on pineapples and other tropical fruits; damage from cold and best methods of prevention; pears, peaches and plums; paper on fungus diseases of citrus and other fruits of this state. .... Wednesday evening..... The reports of the committees on ornamentals, nut culture, grapes, figs and kaki, and a paper on influence of man on bird life. Also new officers were elected and the next meeting place selected. Reports of the secretary, treasury and executive committee were read. An interesting paper was read upon budding and grafting..... Wednesday evening from five to seven the ladies of St. Augustine held a reception at Ft. Marion for the members of the society..... Thursday afternoon..... Reports of the committees on entomology, forestry, fertilizer, irrigation and transportation were read..... Thursday evening..... Standing committees on vegetables, strawberries, and miscellaneous fruits, marketing and good roads read their report..... The society was given a treat of an excursion to South Beach and the lighthouse Thursday afternoon, and in the evening a most enjoyable concert was held in the plaza..... Friday morning..... Reports of the committees on the library and special committee on co-operation with the trustees of the State Agricultural College, were read in connection with special papers and unfinished business..... After passing many resolutions of thanks for the gracious hospitality of St. Augustine, a motion for adjournment was in order. . . . Before closing this little summary of one of the most pleasant and instructive meetings of the State Horticultural Society has ever held, special mention must be made of the annual address of President Taber, who not only proved himself a speaker of enviable ability, but a worthy head to such a worthy society.

Teethina was first used by Dr. Charles J. Moffett, a graduate of Jefferson Medical College, Philadelphia, Pa., in his extensive and successful treatment of children in Georgia in overcoming the troubles incident to teething and hot summers. Teethina (Teethina Powders) counteracts the effect of hot weather and keeps the digestive organs in a healthy condition, and has saved the lives of thousands of children in the doctor's native state, where physicians prescribe and all mothers give it, and it is criminal in mothers of our section to allow their babes and little children to suffer and perhaps die when relief can be so easily obtained by giving Teethina. It costs only 25 cents at druggists; or mail 25 cents to C. J. Moffett, M. D., St. Louis, Mo. w5
